You better lose yo'self in the music the moment you own it...

If you had one shot, one opportunity, and you were friends with Mekhi Phifer, and Mr. Tom "Bling Bling" Hanks of Death Row Records was looking to sign your ass up, would you take it, or would you let it slip? It would be a mirade for a white boy to become King of the rap world...Of course, Michael Clarke Duncan has been known to lend a few miraculous rap lyrics here and there. Just ask Stephen "MC Fright" King.

From the Director of "The Shawshank Redemption."
